CENTRAL TEXAS ELECTRIC COOPERATIVE, INC.

Interconnection with Small Power Producing Facilities

Basic Outline & Steps for Interconnection

1. Member contacts CTEC and requests information for interconnection.
2. CTEC sends packet of information, containing Tariff, Interconnection Agreement, and basic one-line electric drawing.
3. If needed, member requests meeting to obtain additional information.
4. Member submits completed agreement, including insurance certificate and any applicable fees.
5. Member informs CTEC of completed installation and requests on-site inspection by CTEC.
6. CTEC inspects system and approves interconnection, or requests changes to installation.
7. Upon approval, CTEC executes agreement and informs Billing Department of interconnection, with notice of metering option selected by Member.
